PART IV., "WATER CLAUSES CONSOLIDATION ACT, 1897."

1. This is to certify that the "Vancouver Power Company, Limited," specially incorporated pursuant to Part IV. of the "Water Clauses Consolidation Act, 1897," on the 25th day of January, 1898, for the purposes of exercising the rights, powers, privileges and priorities in and by Part IV. of the said Act created, granted and conferred, has submitted its undertaking to the Lieutenant-Governor in Council for approval, and that the said undertaking, as shown by the documents and plans filed, has been approved, and that the same is as follows:—

The erection of a dam five feet in height across the outlet of Coquitlam Lake, in the District of New Westminster, and the extension of the pipe-line of the City of New Westminster's water-works system to a point above the said dam; the construction of a tunnel approximating thirteen thousand feet in length from Coquitlam Lake to the lake situated to the east of the North Arm of Burrard Inlet, known as Trout Lake; the construction of a ditch at the outlet of Trout Lake to deepen the said outlet; the erection of a dam forty-two feet in height across the stream forming the outlet to Trout Lake, at a point two thousand eight hundred feet down stream; the further construction of a dyke, if such should be found to be necessary, at the outlet of Trout Lake, to be used for the storage of water; the construction of a pipe-line or a tunnel and shaft from the dam to the power-house which will be erected on the easterly shore of the North Arm of Burrard Inlet, and distant about eighteen miles from the City of Vancouver; also the construction of a pole line by the most feasible route from the power-house to the Cities of Vancouver and New Westminster.

The amount of unrecorded water applied for by the Company is altogether 5,500 miner's inches, to be taken from Coquitlam Lake and Trout Lake, the water from the former lake to be diverted at a point on the west shore of the said lake, about two miles northerly from its outlet, into Trout Lake.

The water power of these lakes will be utilised to supply power chiefly to the British Columbia Electric Railway Company, Limited, which operates the street railway systems of Vancouver and New Westminster and the railway between these two cities, and also supplies Vancouver with public and private lighting, and all necessary extensions to this system. It is also proposed to furnish power to the said cities and adjoining municipalities for manufacturing and industrial purposes. The power will be developed by means of Pelton water wheels, and converted into electrical energy and transmitted by copper or other wires to the points where it is to be used.

(2.) And this is further to certify that the Company propose to commence their undertaking by the construction of the dam across the stream forming the outlet to Trout Lake; the construction of the power house and pipe line, and the erection of a pole line to the Cities of Vancouver and New Westminster.

(3.) And this is further to certify that the "Vancouver Power Company, Limited," shall have duly subscribed before it commences the construction of its undertaking and works, or exercises any of the powers in that behalf conferred by the "Water Clauses Consolidation Act, 1897," Part IV., ten thousand shares of one dollar each. The further amount of capital required to fully complete the undertaking and works, to be provided by the issue of first mortgage bonds of the "Vancouver Power Company, Limited," to the amount of one hundred and fifty thousand pounds sterling (£150,000), the principal and interest thereof to be guaranteed by the "British Columbia Electric Railway Company, Limited."

(4.) And this is further to certify that the time within which the said capital, namely, ten thousand dollars, is to be subscribed, is fixed at three (3) months from the date hereof, and the time on which the said undertaking and works are to be commenced is fixed at five (5) months from the date hereof, and the date by which all the said proposed work shall be in operation is fixed at three and a half (3½) years from the date hereof.

Dated this 14th day of February, 1902.

J. D. PRENTICE,
fe20 Clerk of the Executive Council.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, *together with the notices published*. At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of ratts and vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10 $\frac{3}{4}$ inches by 7 $\frac{1}{2}$ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during

its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901 (*see Journals*, 1901, page 58), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.
